Reason for return

- | | |
|--------------------------------------------------------|----------------------------------------------------------------------|
| 01 Article defective* | 05 Transport damage |
| 02 Wrong item delivered | 06 Delivered article not needed / back in original packaging |
| 03 Failure after a short time (specify period)* | 07 Delivered item not needed / however was in use for testing |
| 04 Drive cannot be programmed* | |

* Please provide a **detailed description of the error** as possible. This enables fast processing, as testing and labour costs are reduced.

i Return all of the items listed above along with this completed form. The return of the goods must be free of charge (sufficiently franked). (Parcel shipping with tracking is recommended) Upon receipt, we will inspect the goods and issue a credit note if there is a legitimate claim which is justified by us. If there is a defect which is not justified by us, the expense will be charged.
